### SUBMARINE CAPTAIN

**LIKES UNITED STATES**  
Baltimore, July 18.—Here is the auf weidersehn of Captain Koenig, of the first trans-Atlantic submarine freighter, as given to the United Press for the people of the United States:

"Ist land und stad gefallt mir sehr, und ich hoffe bald zuruckzukommen. Die Leute in Baltimore sind sehr freundlich zu uns gewesen."

Translated, this means: "Your country and your city please me much, and I hope to come back soon. The people in Baltimore have been very friendly to us."

Captain Koenig was not saying today that he would leave right away, but consented as a "preparedness" advocate to give out the above farewell, just as a matter of caution so nobody could say he had not bade the people good-by.

### BATTLE FOR PERONNE

**NOW RAGING FIERCELY**

Paris, July 18.—The Germans have launched a heavy counter-attack against newly-won French positions west of Peronne, the war office announced today. Thus far all German attacks south of the Somme have been repulsed, but heavy fighting is still going on.

The Germans repeatedly attacked LaMalzonnette, but were repulsed each time with heavy losses. The fighting then extended along a large sector of the front occupied by the French in the first week of the Anglo-French offensive. The most violent combat is going on near the village of Blaches, one mile from Peronne.

The Germans were active last night on the Verdun front, on both banks of the Meuse. On the west bank a German attack against Hill 304 was checked. On the east bank German grenade attacks in the region of Fleury were repulsed.

### Voyage Down the Rogue

Chas. Borden, of Grants Pass, came in Saturday by boat down the river. This is his fourth trip from Grants Pass to the mouth of the river by boat, and he made the trip alone, having no difficulty, and finding only a couple of rough places where he had to line his boat down. The body of John Hogue, the fisherman drowned below Grants Pass, has not been recovered, and on his way down Borden kept a close lookout to see if the body had been brought down by the current, but was unable to find it.—Gold Beach Reporter.

### Species of Salamander Found

An axolotl was found a few days ago in Gilbert creek by a boy while fishing and is now on display at Demaray's drug store. The animal is a species of salamander found in the warmer parts of the Rockies and south to Mexico. The axolotl is something like a lizard, has a flat tail and a bushlike growth for gills, and measures about eight inches long. This is the first one of this species seen here as far as can be found out and is worthy of inspection. This animal is regarded by some as excellent for edible purposes, but a look at it does not help the appetite to a very great extent.

### THOMPSON INDICTED ON DOUBLE MURDER CHARGE

Hillsboro, Ore., July 18.—Bennett Thompson today is formally charged with the murder of Mrs. Helen C. Jennings and Fred Ristman, a chauffeur, on the night of May 16. He will enter a plea tomorrow, and his trial probably will be set for an early date.

The grand jury yesterday indicted Thompson for one of the most brutal and puzzling murders in the criminal annals of the state. Mrs. Jennings was beaten to death with a sledge-hammer while she slept in her house, two miles from Sherwood station. Ristman, a jitney driver who carried the murderer to Mrs. Jennings' home, was killed by a heavy blow on top of his head as he sat at the wheel of his automobile. Apparently the murderer killed Ristman in an endeavor to hide all trace of his crime. The evidence against Thompson is purely circumstantial.

### U. S. GETS MANY CAVALRY HORSES AT ST. LOUIS

St. Louis, July 18.—Leading horse dealers in the market across the river declined to say just how many horses the United States government had bought in the East St. Louis market since the Mexican trouble began. It was learned through various sources, however, that more than 3,000 cavalry mounts had been purchased here during the past five weeks.

The United States was paying more for its horses than the allied governments, one dealer said. He said three European powers, "tiring of the gaff, are buying a cheaper grade."

The United States government is paying a good price and getting better horse flesh, the same man said. He would not divulge the cost.

### INFANTILE PARALYSIS INCREASES IN NEW YORK

## Last Chance

tonight to see one of the great actresses in the world, Fannie Ward, supported by an all-star cast, in Bret Harte's immortal story of the California of long ago, "Tennessee's Partner."

What a splendid distinction is Fannie Ward's! In "The Cheat" she was rated as the equal of Bernhardt as a tragedienne, while in "The Marriage of Kitty" and in "Tennessee's Partner" her work in ingenue roles lifted her to the eminence enjoyed by Mary Pickford and Marguerite Clark.

—All of one's old acquaintances will be at the Star tonight—Tennessee, Jack Hunter, Romaine, Kate Kent, the padres and Gwiltaker Hay, proprietor of the "Sudden Stop" hotel and the "biggest liar" of his day.

The photoplay is a Lasky-Paramount, and one of the best yet seen on this program. Admission 5 and 15.

### BERLIN PRESS URGES CONFIDENCE OF AMERICANS

Amsterdam, July 18.—The American people are urged to retain their confidence in the ultimate success of the German armies and to disregard "lying reports" printed in the foreign press, in lengthy articles in the Berlin newspapers.

Advices from Berlin say that a similar appeal issued by the German general staff and labelled an "Appeal to the German Nation," was really inspired by the kaiser after a conference with his generals.

"The army trusts its leaders," de-

clares the Tageblatt, "why should not those who are at home do the same?"

### FOUR MEN IMPRISONED BY CAVE-IN AT MINE

Joplin, Mo., July 18.—Rescuers are digging frantically today to release four men imprisoned by a cave-in at the Babcock mine late yesterday. They hope to reach them late today or tonight, but fear the miners will be suffocated. The imprisoned men were still alive at 9 a. m. Rescuers heard the sound of their picks against the rocks.

## There Are Stores in This City So Good That They Could Use Twice as Much Advertising Space as They Now Use—and Make It Pay!

THE BETTER THE STORE THE BETTER THE ADVERTISING PAYS. Your own observations in the store-world will confirm this truth.

PUBLICITY is bad only for a bad proposition. It is just as surely good for a good one.

What IS a "good store"? One that really SERVES THE PUBLIC, protecting its patrons as to VALUES, not merely as to PRICES.

There are many stores in this city answering to that definition completely. In every city there are always some stores that do not.

An important phase of a GOOD STORE'S SERVICE TO ITS PATRONS is its newspaper advertising. This should be complete, frank, informing. It should tell the store news as fully as a good newspaper tells the news of the day.

Perhaps the best possible NEW POLICY for the GOOD stores of this city to adopt would be that of DOUBLING THE ADVERTISING SPACE THAT THEY USE—thus giving them "elbow room"; giving them bigger opportunities for telling their patrons, in detail, about every selling event, about every bargain offering, about every dollar's worth of new stocks. Of course, even HALF ENOUGH ADVERTISING pays the really good store; but ADEQUATE ADVERTISING would pay much better.
